

# THE ENGLEWOOD

2890 SQUARE FEET  
( INCLUDES 229 SQUARE FEET OPEN SPACE )

Cross the Englewood's threshold and be transported to a warm and inviting interior. From the tiled foyer you will have a lovely interior vista. The living room displays a formal room of coffered ceilings, elegant posts and half walls opposite a double-doored private library ideal for the home entrepreneur! The gourmet kitchen is an outstanding design with functional centre island and with optional extended breakfast bar. The eat-in kitchen enjoys an ideal location adjacent to the soaring double-height Family Room - with its feature windows, cozy fireplace and entertainment niche it's sure to be hub of family life. Laundry is thoughtfully clustered off the main hall and garage. A powder room is discreetly placed on the landing.

The second floor offers a generous family layout. The lovely staircase reveals a dramatic open to below railing area. The formal master suite has its own vestibule, His and Hers closets, cathedral ceiling and spa-like ensuite. Three additional bedrooms and main bath complete the second floor layout.

Lower Level: There's plenty of room and design options for your dream basement. Consider a future Recreation Room. Billiards. Media Centre. Guest suite. Hobby room. Exercise Room. Wine Cellar. Each plan has the flexibility to grow with your lifestyle needs.
